We are currently seeking a full time EMC Test Engineer to join our Goffstown, NH laboratory.

### **RESPONSIBILITIES:**

The selected candidate will be responsible for, including but not limited to:

- The oversight and performance of electromagnetic compatibility testing of customers products, including but not limited to:
  - Pre-test engineering review
  - Test sample preparation and setup
  - Execution of test
  - Documentation of test results
  - Customer interaction
- Providing support to the sales team in order to:
  - Apply appropriate test standards
  - Provide time and cost estimates
- Supporting engineering in the development of new service offerings

### **QUALIFICATIONS:**

- Bachelor's Degree in relevant discipline or field, or equivalent education and training, and 2 years job related experience.
- Excellent knowledge of measurement equipment (such as, but not limited to, DMM, Oscilloscope, and Spectrum Analyzer).
- Excellent knowledge of MIL-STD-461, MIL-STD-810, RCTA/DO-160, and/or IEC test standards.
- Excellent organizational skills and attention to detail.
- Excellent computer skills.
- Excellent interpersonal skills.
- Strong verbal and written communication skills.
- Strong math skills.
- Ability to perform multiple tasks and meet strict deadlines in a fast-paced environment.
- Ability to work independently.
- Ability to lift 50 pounds-bend, lift and twist.
- Must have a background that would permit the U.S. Department of Defense to issue a Secret Clearance, which includes US Citizenship.

Interested in a position at one of the USA's leading independent testing laboratories? Come to us for a career, not a job. We are an equal opportunity employer. Retlif provides excellent personal growth opportunities, a professional atmosphere and comprehensive employee benefits such as:

- 401K plan
- Tuition reimbursement plans
- Medical, dental and vision insurance
- Paid vacations
- Paid holidays
